

EDITORIAL FEATURED
Beppe Brancato Photography

by Amanda Jakubik · June 3, 2013

A few weeks ago we featured a [rad interior from Case De Abitare](#) photographed by Beppe Brancato. Here's another series from *De Abitare* for you to swoon over, in my eyes this mix of minimalism and color is perfection. The clean and soft photography creates an idyllic modern setting in which I want to be. From the Italian photographers biography: "Shadows underline the importance and value of each subject by embracing the context they exist in."
